

CASTORO CELLARS

Tempranillo Whale Rock Estate 2012

Whale Rock Vineyard is a CCOF certified organic vineyard in the Templeton area that produces some of the best grapes in Paso Robles. This Tempranillo is an amazing wine exploding with intense aromas of ripe blueberries, cinnamon-plum, and fresh picked strawberries. Aging for 13 months in barrel integrated the aromas and flavors and frames the wine with soft tannins. The Spaniards, known for their Tempranillo, would be jealous of this wine's finesse! Enjoy with Paella or pair with tapas and mixed grilled entrees.
